Sanitaire

Sanitaire Model #884

- Steel Vibra Groomer II® brushroll
- Six carpet level adjustments
- 12 inch cleaning width
- 50 ft. power cord.
- Shake out bag
- UL listed for commercial use
- 7.0 amp motor

Part #E-59 List: \$228.07 Price: \$195.38

Sanitaire Model #886

- Steel Vibra Groomer II® brushroll
- Six carpet level adjustments
- 12 inch cleaning width
- 50 ft. power cord.
- Shake out bag
- UL listed for commercial use
- 7.0 amp motor
- Quick Kleen® fan chamber
- Chrome steel motor hood

Part #E-61 List: \$284.21 Price: \$243.48

Sanitaire Model #887

- Steel Vibra Groomer II® brushroll
- Six carpet level adjustments
- 12 inch cleaning width
- 50 ft. power cord.
- E-Z Kleen® cup
- UL listed for commercial use
- 7.0 amp motor
- Quick Kleen® fan chamber
- Chrome steel motor hood

Part #E-62 List: \$284.21 Price: \$243.48

Sanitaire Model #888

- Aluminum Vibra Groomer I® brushroll
- Six carpet level adjustments
- 12 inch cleaning width
- 50 ft. power cord.
- Micron outer bag, Paper Inner
- 7.0 amp motor
- Quick Kleen® fan chamber
- Chrome steel motor hood
- Headlamp

Part #E-63 List: \$307.01 Price: \$263.01

Sanitaire Model #899

- Aluminum Vibra Groomer I® brushroll
- Six carpet level adjustments
- 16 inch cleaning width
- 50 ft. power cord.
- Shake out bag
- 7.0 amp motor
- Quick Kleen® fan chamber
- Chrome steel motor hood
- Headlamp

Part #E-65 List: \$378.94 Price: \$324.63

The SEBO automatic X1 is available in white and gray.

Technical Data X1*

Vacuum motor	850 Watts
Air flow (at motor)	89 CFM
Water lift (at motor)	66 in. H ₂ O
Cord length	40 feet
Filter bag capacity	1.4 gallons
Sound level	66 dB A
Body weight	15.8 lbs.
Working width	12 in.
Motor protection	Electronic cut-out
Brush speed	2700 rpm
Brush drive	Toothed belt with electronic overload protection

Pure Performance

SEBO essential G1 Technical Data*

Vacuum motor	1300 Watts
Air flow (at motor)	103.8 CFM
Water lift (at motor)	92.5 in. H ₂ O
Cord length	40 feet
Filter bag capacity	1.4 gallons
Sound level	69 dB A
Body weight	16.9 lbs.
Working width	12 in.
Motor protection	Electronic cut-out
Brush speed	3100 rpm
Brush drive	Toothed belt with electronic overload protection

The SEBO automatic X4 is available in blue and yellow or white and gray.

Technical Data X4*

Vacuum motor	1300 Watts
Air flow (at motor)	103.8 CFM
Water lift (at motor)	92 in. H ₂ O
Cord length	40 feet
Filter bag capacity	1.4 gallons
Sound level	69 dB A
Body weight	16.7 lbs.
Working width	12 in.
Motor protection	Electronic cut-out
Brush speed	3100 rpm
Brush drive	Toothed belt with electronic overload protection

General GF Series Polisher MEDIUM DUTY

Practical floor machines that are loaded with heavy-duty features. All aluminum castings, adjustable handle, flip-up wheels, non-marking bumper, safety switch levers at economical prices. Heavy-duty planetary transmission with sealed ball and needle bearings, STEEL pinions and idler gears.

- ALL STEEL planetary transmission, silent running
- 6" non-marking, semi-pneumatic, retractable wheels
- Highly polished aluminum
- Meets and exceeds government specifications
- THREE-year warranty on motor and transmission

15"
Part #Gen-20 List \$xxx.xx Price \$659.99

17"
Part #Gen-25 List \$xxx.xx Price \$699.95

General KC-D Series Polisher EXTRA HEAVY DUTY

Powered by a special 1½ h.p. dual capacitor motor! Extra heavy duty, but low in average draw! - Thanks to the addition of the second capacitor! These powerhouses breeze through any type floor maintenance including sanding, rug shampooing and even hoisting terrazzo floors. Extra heavy-duty problems??? Solve them with the special KC-D series. They offer all the heavy-duty features of the KC series, including FIVE-year warranty on motor and transmission!

- Ultra quiet, ALL STEEL planetary transmission
- Extra thick, chrome plated handle tubes
- Safety switch levers
- Fully adjustable handle
- Non-marking, wrap around bumper
- 50, 3" wire, special low temperature, vinyl jacketed cable, type ST with molded plug
- Motors - Dual Capacitor, Capacitor start, Capacitor run, fully rated, double wound, continuous duty, quiet and vibration free. 1½ h.p.

18"
Part #Gen-38 List \$xxx.xx Price \$948.67

General DHS Series Polisher

The combination of a dual capacitor motor and a dependable high-speed transmission make this high-speed series a truly practical investment. No more headaches of down time because of temperamental high-speed transmissions. General offers a superbly designed transmission that will stand up to the additional stresses of high-speed operation.

- 250 r.p.m. transmission - ALL STEEL planetary type gears
- 1½ HP dual capacitor heavy-duty motor
- Retractable 6" semi-pneumatic motor
- Non-conductive double switch levers
- Non-marking, wrap around bumper
- All chrome or polished aluminum surfaces
- FIVE-year warranty on motor and transmission

17"
Part #Gen-30 List \$xxx.xx Price \$999.99

General DC Series Ultra Speed Burnisher

There is simple nothing like the results obtained with these ultra speed machines as compared with standard speed machines when used with the modern thermo-plastic finishes - the results are a glossy, wet look that lasts under the toughest conditions and is easily maintained.

- Non-marking, wrap around bumper
- All surfaces highly polished aluminum or chrome plated steel
- 50'3 wire, special low temperature, vinyl jacketed cable, type ST with molded plug
- Motors - DC rectified (plug into AC outlet), permanent magnet 1½ h.p.
- Safety switch levers
- "Grip-Notch" belt drive
- Spike load protectors
- 4 wheels for easy transportation
- Two year Power Train warranty
